Lecture: The Good, the Bad and the Ugly – Come Along and Discover the Weird and Wonderful World of Bats

7:00 pm – 8:30 pm

Ranch House in Rancho Mission Viejo

A quarter of the world's mammals are bats. These much maligned creatures have a bad reputation but do they deserve it? Join Michelle Rivers, bat enthusiast and UK Bat Worker, to discover the good, the bad and the ugly facts about the bats in your neighborhood and the rest of the world. You'll discover the hidden lives of bats, their adaptations and why we should all love bats.

Astronomy Night

8:45 pm – 10:45 pm

The Richard and Donna O'Neill Conservancy

Orange County Stars

Visitors traveling to sparsely populated areas are usually delighted to discover how many more stars are visible than at home. If you've not yet caught a glimpse of the Milky Way, come out to *The Reserve* for Astronomy Night where you can still view many more celestial phenomena than elsewhere in urbanized Orange County!

Enjoy an evening outdoors, as you gaze into the heavens, learn the constellations, and peer through the telescopes of our volunteer astronomers. Reserve astronomers are all volunteers who enthusiastically share their telescopes and expert sky knowledge with you. (BRING: Warm clothing, Red cellophaned flashlight, binoculars, optional beach chair.)
