PHILLIP HOSKINS
OCCUPATION: Franchise Manager

AGE: 58

If elected, I will focus on neighborhood preservation, including the right to preserve existing ocean and hillside views. I support investment in the older, developed areas of the city. I embrace the environmental positions of the outgoing Council member including the beach trail and railroad track issues and protection of our beaches and open spaces. Permanent solutions need to be adopted and implemented to address urban run off which is a major concern with respect to public health and keeping the beaches clean.

I believe senior citizen issues must be understood and addressed.

Small businesses must be encouraged to operate and prosper without onerous regulation. Creating a partnership with local businesses to encourage hiring resident high school and college students during the summer months will be beneficial to all. Athletic fields and municipal swimming facilities should be available and in good repair for children and adults alike.

I will ensure that the Master Plan is not altered to the detriment of established neighborhoods.

I am an 18 year resident of San Clemente, married with a grown son, served in the military, and have a Masters Degree in Economics with a Public Finance specialization.

I ask for your vote.

Sincerely,

Phillip Hoskins

Dear Neighbor,

We are indeed blessed to live in the beautiful, family-friendly beach town of San Clemente. The quality of life we enjoy here, from T-Street to Talega, must be preserved for future generations. We must balance our need for a healthy environment and a vibrant economy. That is why I am running for the San Clemente City Council.

I am a Fortune 500 business professional in the real estate industry. My community service for the past 25 years includes membership on the Orange County Civic Center Commission, Air Pollution Control District Hearing Board (Chairman), Assessment Appeals Board, church elder board and Judge Pro Tem.

My lovely wife, Twyla, and I have six children and one grandchild. Our son, Brian, a marine, recently returned from Iraq, where he served our country in the war against terror.

I support the revitalization of downtown, El Camino Real and North Beach, strong police and fire services and high quality responsible development. I will work to maintain a clean and healthy coastline.

I oppose any effort to double track the railroad through our beautiful beaches or place a toll road through the middle of town.

I would appreciate your vote.

MARY MCMENAMIN

AGE: 45

OCCUPATION: Businesswoman, Broker, Artist

We have grown from a small village to a larger village. It is now time to unite newer neighborhoods with the established, historic sections of San Clemente.

Founder Ole Hanson's vision rings true today "...a place where people can live together more pleasantly than any other place in America."

All of us moved here for very special reasons, and we recognize the need for true leadership. I will honor our Founder's inspired vision, by working to unite the community while improving upon today's critical issues: clean beaches and ocean water; business opportunities; children and adult recreational opportunities; controlled spending; Increased citizen involvement; beautification of streets; better traffic flow and healthy development while retaining our village character. We don't want to lose the charm of our seaside community while we grow, improve and prosper.

As a local businesswoman, broker, artist and long term, civic-minded resident, I commit myself as your council member to do just that - unite and improve San Clemente so our families, children and future generations, will live pleasantly together in the most wonderful place in America.

I have strong regard for the natural environment. I graduated from the University of California at Irvine, (UCI) where I studied the function and purpose of state and local government. I have served many years in the financial/securities industry and currently own and operate a successful insurance business.

My wife, Jill and I moved our three school-age children here in March of 2000. While in San Clemente, I have had the pleasure of coaching local Little League and soccer teams. I enjoy supporting athletic programs to help guide our children.

I am greatly concerned about the quality and safety of our beaches and parks. Just north of us is the state's most beautiful - and most polluted beach, Doheny State Beach - and it needs to be dealt with. Traffic congestion has gotten out of hand and our schools need the funding they deserve.

The safety and welfare of our families is paramount in my mind. I will use my significant financial background to ensure that the city remains fiscally healthy and we plan wisely for the future.

I respectfully ask for your support and your vote. With your help, I will improve our City.
